Umzimbha Wetlu: Okufanele Umuntu akwazi ngawo.

Rev. A. T. Bryant,

Copyright No. 10.

INTLIZIYO. Kepa-ke nokuba ubuchopho buy'inkosi, buphethe sonke isizwe lesi esing'umzimbha wethu, bungeze baba'nkosi nga'ndawo uma bungena'zinduna ezibusekelayo. E! izinduna ezyisekelayo le'nkosi eng'ubuchopho nazi—amaphaphu, nosu, nesibindi, nokunye. Kepha induna enkulu, nqa'nolajuqa, y'intliziyo. Ingayeka yona ukusekela ubuchopho, bunlyani ubukhosi babo khona lapho. Kesiye 'kwoth'ibandla kuyona manje, siboae uma kuy'indoda enjani, ephethe isikhundla esinjani.

E! umzimbha wethu kambhe uyengenwa ngomlomo, owona ungathi isango lawo. Futhi, njengas'esangweni lomuzi, sisathi gabavu ukungena, sidlule emakaleni, sibe sesimiswa ukwahlukana kwezindlela; enye okuthiwa uqhoqhoqho, ibheka ngalapha, iye emapashini (indlela yomoya leyo); enye okuthiwa ummizo, ibange oswini (eyona 'ndlela yokudla).

Kodwa kayikho 'ndlela esingayithola, eyakusiyisa, isibeke qatha entliziyweni, njengoba kunjalo emapashini nas'oswini. Yona ihlezi njalo ifofobele esigodiweni sayo, ithiwe goxo emkathini wamaphaphu omabili. Ake ubale izimbhambho zakho uthathele phezulu ohlangothini olungakwesesinxele. Phakathi kwobambho lwesine nolwesithupa, ecaleni impela kwethambho lesifuba, nantsoke indawo yentliziyo.

Ngike ngibone abantwana bedlala ngamaphepha lawa abelungu okudlala (cards.) E! intliziyo-ke, isimo sayo, ithi mayifane naye amaggebheni. Kodwa ukulala kwayo emzimbheni ilele lubule. Ngaphandle-ke ithiwe mbho ulwambhesi lwayo. Uqobo lwayo, ungathi intsulungu yenyama ebomvu; ingani igobesi lemisiphasipha nje. Ngoba phela ngaphakathi yakhiwe ngamakamelwana amane, amabili engaphezulu, amabili engenzantsi. Ubukhulu, ingangesandla sendoda sifumbetwe. Umsebenzi wayo-ke ukuqhuba igazi emzimbheni. Y'ilokhu aphuma umuntu ku'nina, aze athi kogo ukugaga, lel'iwashi lomzimbha lilokhu li amba, libala izikhathi, gqu! gq! gqu! njalo. Lingathi ukuthula, ngisho isikhashana nje esisodwana kuyo yonke leyo'minyaka eminingi kangaka, kube sekuphela juqu khona lapho ukuhambha kwalowo'muntu. Uzima kangaka umsebenzi owenziwa intliziyo, umsebenzi kambhe wokuqhutywa kwegazi.

Ayike! abanye kinina mhlawumbhe sebake baya'kusebenza emizini emikhulu yabelungu. Abanjalo-ke boba bebonile icebo labelungu abasusa ngalo konke okubi okude kuvela ezindlini zakhona. Bayakwazi ukuthi kuy'ileyo'ndlu inethunjana layo lentsimbhi okungena kulo, kuqauke ngalo, konke okubi kwaleyondlu; lithi lelo'thunjana libe seliya lihlangana nelikhulu elihambhayo phantsi emhlabathini phakathi nezitaladi elona likuthutha konke lokho, likuthulule lapho kuntyingwa khona.

Bayakwazi futhi ukuthi kukhona namanye amathunjana endlini, afikisa kuyo amanzi nokunye okusweleklleyo ukuba kuhambhe kahle imisebenzi yakhona.

Nomzimbha womuntu futhi unjalo; unamathumbhu awo okuyisa ezithweni zawo okuhle ezikusweleyo, nokususa kuzo okubi ezikuchithayo zisebenza. Lawo'mathumbhu-ke o mzimbha iyo imithambho yawo; igazi-ke y'iwo amanzi afikisayo okuhle, emuke nokubi.

Siyabona kulokho ukuthi igazi li'misebenzi 'mibili, ukuthi, ukuyisa okuhle emzimbheni, nokubuya nokubi. Nemithambho futhi, elihamba ngayo, i'ntlobo'mbhili nayo ngakho lokho, ukuthi nje, eyokuyisa okuhle emzimbheni wonke, neyokubuyisa okubi konke kwakhona.

Igazi, ukuhambha kwalo emzimbheni, singathi liyathathela emaphashini. Ukuphuma kuwona, libomvu tsebhu. Lithi lisaya phambhili, ligobhoze ngemithambho ethile (arteries), eyona embhelekile, imvamayayo, phakathi enyameni, ingabonakali emzimbheni ngaphandle. Uma nga kuqunywa omunye wale' mithambho enjalo, ningabona igazi limpompoza kuleso'sinqama esingentla; nithi uma nifuna ukulinqamula, igazi, nibophe sona. Ukubuya kwalo igazi emzimbheni, libe selil'ufipha, umbala walo. Lithi libuya, lihambhe ngeminye imithambho ethile (veins), eyona isimze i gwenguleke ngaphantsana kwesikhumbha nje, ibonakale kakhulu emehlweni, njengoba kunjalo emkhonweni nas'emilenzeni. Kuthi uma nga kuqunywa omunye wale'mithambho yalol'uhlobo, igazi lifunyaniswe liphuma kuleso'sinqamu esingezantsi, kunge esangentla; igazi libe kungathi liyaw'enyusa umzimbha.

Ehe! y'ilo igazi eligezayo umzimbha wonke phakathi; y'ilo futhi elithuthayo ukudla kwazo, likuyise kuzo, zonke izitho nezindawo zomzimbha. Nank'umzimbha wakho, 'mfana, uya uthuthuka njalo. Uthuthukiswa y'ini? Uthuthukiswa y'ilo igazi, okuy'ilona liyisa emzimbheni wonke izinto lezo ezibumbayo inyama. Nanti'thambho logalo lide likhula. Likhuliswa y'ini? Likhuliswa igazi, elona liyisa kulo impahla yonke eliz'akhayo ngayo. Yebo! lithi lidlula, ligijima, igazi, izitho zonke zibe zithatha kulo lokho ezikuntulayo ukuba zikhule, ziphile. Zithi zisakhotha kulo okuhle lokho, okung'ukudla kwazo kambhe. zibe zilahla kulo futhi okubi okukuzo, okuy'imfucumfucu nokubolileyo, khona kuyakukhukhulwa y'ilo, limuke nakho, likuntyinge ngapandle.

Kunjalo ukuhambha kwegazi, lizungeza phakathi emzimbheni womuntu, lilokhu liphuma, liphindela, emaphashini, kwasa nje. Umuntu azalwe, aye axhegule, y'ilokhu lagobhozayo, imini nobusuku, lingemanga na'kuma. Kepha l'enziwa y'ini, 'bandla? Umshini owona uliqhubayo kawukho emaphashini. Uphi pho? Us'entliziyweni phela. Lonke igazi elibuyayo emzimbheni, lithi lingakayi emaphashini, kuswelekile kuqala lingene phakathi kuyo intliziyo; nalo lonke igazi eliphumayo emaphashini, liphindela emzimbheni, lithi lingakayi khona, kuswelekile kuqala lingene entliziyweni, libe seliqhutywa iyo, lisiwe ngentla, lisiwe ngezantsi.

AMA GAMA ABANTU ABA NIKELA ngo MGQIBELO. BE NIKELELA ISIKOLE sas'OHLANGE.

Mhla komdhlalo e Matyeni (Durban).
