High performance for music recording

The use of Maxell's new Crystal Gamma Ferric Oxide magnetic particles improves MOL by 1 dB in the low frequencies and by 2 dB in the high frequencies over our conventional LN.

High-precision Mechanism

Maxell's super-precision mechanism assures smooth and stable tape travel.

Unique Four-Function Leader Tape

Maxell's cassette's exclusive features give you these extra advantages.

- ① Non-abrasive head cleaning leader tape.
- ② Indicates A or B side ready to play.
- ③ Arrows indicate direction of tape travel.
- ④ 5-second cueing line.
